

APPEAL TO ALL MINERS TO STRIKE

Insurgent Committee Issues Answer to Farrington

SPRINGFIELD, Ill., Aug. 27.—A formal appeal to all coal miners in Illinois to go on strike immediately, in answer to the "autocratic" mandate of President Farrington threatening striking locals with expulsion from the union, has issued here this afternoon by the state policy committee of insurgent miners.

The call for the strike was signed by D. H. Slinger of Glen Carbon, secretary of the state policy committee, who declared he "anticipated that practically every coal mine in the state will be shut down by Monday."

Predicts Men Will Respond. Slinger said seven of the eleven sub-districts in the Illinois district had been organized, and predicted that the miners in southern Illinois fields, heretofore not affected, would respond to the appeal to go on strike.

Mass meetings have been arranged in every sub-district. Slinger stated, and the state will be circulated, he said, so that every miner will be informed of the action of the policy committee.

Offer to Remit Fines. Chicago, Aug. 27.—Announcement that mine operators in southern Illinois had decided to remit fines imposed against striking miners provided the men returned to work under the old contract, was made tonight at the close of a conference of representatives of operators and miners.

At the same time, Frank Farrington of Springfield, president of the miners' organization, declared that the operators' offer would be revoked unless the men returned to work Saturday. The fines were imposed by the operators in accordance with a stipulation in the war time contract between operators and miners which provided penalties for violation of its terms. Rice Miller of Hillsboro, chairman of the conference said that the conference had gone over the whole situation and had decided to cancel the fines if the men would return to work under the contract. Fines imposed against men who recently struck and then returned will be remitted.

Thousands Join Strike.

Belleville, Ill., Aug. 27.—One thousand employees of ten mines here joined the strike of insurgent coal miners today, bringing the total of strikers in the Belleville sub-district to 4,500. It was announced by strike leaders tonight, disregarding the threat of expulsion from the union, the men voted to continue the strike. It was said.

Vote to Ignore Farrington. Peoria, Ill., Aug. 27.—Striking miners of the Peoria sub-district this afternoon unanimously voted to ignore the demands of state President Frank Farrington that they return to work before Aug. 30 in pain of having their union charter revoked, and in a resolution adopted amid cheers requested the state executive to "go to h—."

Charging Farrington, by implication, with high handedness and imperialistic conduct in his management of the state organization, the miners concluded the resolution with the assertion that the "miners of Peoria refuse to be kaiserized any longer."

More than 1,000 insurgent miners shouted their approval as the resolution was passed. They represented the 2,000 miners in the sub-district.

URGES RETURN OF TROOPS FROM ABROAD

WASHINGTON, Aug. 27.—Senator Johnson, Republican, California in a statement today urged the immediate return of American troops from abroad and declared the time has arrived when this country should "get out of the whole mess and be just American again."

Asserting that American boys were fighting an "undeclared and undisclosed war in Siberia," that others were to be sent to Silesia, while American troops had been cruelly treated in Dalmatia and still others were to remain on the Rhine for fifteen years, Senator Johnson said:

"All of this was ordered in secret, not in the United States but in Paris, where we had one vote out of five."

BEGIN SHIPMENT OF ARMY SURPLUS FOOD

CHICAGO, Aug. 27.—The Chicago zone of the war department began shipment of surplus army food to the ten states in the zone of sale to the public. The zone has 150,000,000 pounds of food to be shipped at the rate of fifty car loads a day and increasing to 100 cars a day, according to Lieutenant Colonel J. C. Castelman, zone subsistence supply officer. The postoffice is awaiting a new list of army foods to be sold next week at the forty-eight postal sub-stations.

Must Adjust Autos To Gas

COLORADO SPRINGS, Colo., Aug. 27.—Because of a limited supply of petroleum in the United States refiners have been forced to produce a lower grade of gasoline and automobile manufacturers must readjust their engines to new specifications. Henry L. Doherty told representatives of the American Petroleum Institute at the opening of their convention today.

Mr. Doherty is chairman of a committee of producers and refiners which is negotiating with the automobile makers to obtain a satisfactory solution to the problem.

OFFERS PROVISIONS FOR NEW ARMY BILL

WASHINGTON, Aug. 27.—Provision in legislation outlining the nation's permanent military policy for instruction of officers in industrial operation appointment of only college graduates to West Point, elimination of the coast artillery as a separate branch and placing of the marine corps under the war department was suggested by W. W. Atterbury, vice president of the Pennsylvania Railroad today in the senate military sub-committee. Mr. Atterbury served during the war as a brigadier general in charge of rail transportation and transportation at ports in France.

Three months training of the young men of the country under the revision for universal service he regarded as too short and urged the extension of the time to six months and then registration of the men after training in the reserve with the obligation of appearing for maneuvers for two years.

COALLESS WINTER SEEMS INEVITABLE

BERLIN, Aug. 27.—(By The Associated Press.)—That any possibility of averting a coalless winter is regarded as a forlorn hope is indicated by reports received from the Silesian and Ruther coal fields the action taken by municipalities in many sections of the country and the restrictive measures agreed upon by the coal commission, which promise about as much light and warmth as the winter moon.

Greater Berlin was informed today that it would be permitted to indulge in the luxury of a hot bath on the first and third Friday of each month. Kitchen ranges will not be permitted to operate between 8 and 11:30 a. m. and 2 and 7 p. m. The use of both room fires and of all emergency heating devices is prohibited.

FORMING AMERICAN AVIATION SQUADRON

PARIS, Aug. 26.—Tuesday.—(By The A. P.)—An American aviation squadron is being formed in Paris on the line of the Lafayette escadrille to fight with the Poles against the Bolsheviks. It is expected to go to Poland on September 15. Its members will hold the same rank as they held in the American army, but with the corresponding Polish pay.

FEDERAL BOARD DENIES CHARGES

WASHINGTON, Aug. 27.—The federal board for vocational education thru its director Charles A. Prosser, has addressed a letter to members of congress denying charges made by the Association of Disabled Soldiers, Sailors and Marines of inefficiency in the board's administration.

TO DISCUSS TREATY. Paris, Aug. 27.—Havas.—The peace treaty will come up for discussion in the Italian chamber of deputies on September 3, according to the Journal.

Proposes New Plan For Rail Re-Organization

WASHINGTON, Aug. 27.—Railroad re-organization under a plan combining the most desirable factors of both government and private ownership and operation was offered today as a solution of the railroad problem by Judge G. W. Anderson of the United States district court Boston, a former member of the interstate commerce commission, who appeared before the house interstate commerce committee.

Formation of a federal railroad company, with broad powers including eminent domain to take over existing transportation facilities so as to provide "a single national highway and carrier system" was advocated by the judge.

Labor would by the proposals of the witness have a new status and responsibility, including profit sharing. But strikes would be illegal. Along with capital and the public, labor would have equal representation on the board of directors selected to manage the roads. Rates would be initiated on the service-at-cost principle by the federal company, subject to approval of the interstate commerce commission; states would deal with purely local questions, such as commutation rates, improvements and safety precautions.

FIND DEATH OF BRITISH NURSE LEGAL

Minority of Bar Committee Reports on Execution

BALTIMORE, Md., Aug. 27.—Execution by the Germans of Miss Edith Cavell, the English nurse, which aroused the indignation of the allied world, was in accordance with the laws of civilized warfare, according to a minority report of the committee on military law of the American Bar association made public today.

Also Give Majority Report. A majority report was also prepared by the committee which was appointed to investigate courts martial and suggest reforms in military law. The reference to the case of Miss Cavell was made by S. S. Gregory of Chicago, chairman of the committee and was concurred in by Judge William P. Bynum of Greensboro, N. C., the other minority member in advocating abolition of the death penalty for women convicted for infringing military law.

"A careful consideration of the case of Miss Edith Cavell," said Mr. Gregory, "whose unfortunate fate has excited the indignation of two continents has led to the conclusion that she was executed in accordance with the laws and usages of what we are pleased commonly to refer to as civilized warfare."

BRUTALITY DOES NOT ALTER ASPECT

"This being so, it has seemed to me inconsistent with our condemnation of those who took her life to retain in our own system of military justice those provisions of law which were relied upon by the German military authorities in order to execute her. The mere fact that her trial was attended by the brutality and duplicity does not alter this aspect of the case."

The majority members, Andrew A. Bruce of Minneapolis; Martin Conboy of New York and John Hinkley of Baltimore, declared they could not concur in the suggestion of Mr. Gregory that there should be a provision prohibiting the death penalty in the case of women spies.

Women Most Dangerous Spies. "It would be inadvisable unless such a provision were in the codes of all nations with whom we would likely be at war," they said. "We all agree that the penalty should not be inflicted except in the most extreme cases. Experience has shown that on account of the sex lure women are the most dangerous of all spies."

The majority declined to concur in recommendations of the majority that enlisted men sit on courts martial and that special courts be abolished. The majority asserted that although "we believe some changes should be made, we are satisfied that the errors which were committed during the recent war and the excessive penalties which were no doubt often imposed were due largely to the inexperience of those in control. We are in accord," the majority report continued, "with the idea that there should be with each division brigade and perhaps regiment, a court of trained military lawyers with the rank perhaps of a lieutenant colonel who should serve either as a presiding judge or as adviser to all courts martial."

Favor Lawyer on Courts. The minority members also favored having a lawyer on courts martial, saying that "prejudice judges would be appointed by the president with the rank of major or higher, who should be lawyers of suitable qualifications."

The majority members recommended that more care should be taken in obtaining counsel for accused soldiers.

URGES LAW TO MAKE STRIKES CRIMINAL

BOSTON, Aug. 27.—A law to make strikes criminal offenses was urged before the conference of commissioners on uniform state laws today by Moorfield Storey of this city, formerly president of the American Bar association. The gathering of many states of lawyers appointed by legislative or executive authority applauded his assertion that "the same reason which prevents quarrels and fights between individuals must apply where a great body of men undertake to paralyze the community service in order that they may get something from the people."

U. S. REPLIES TO MEXICAN PROTEST

WASHINGTON, Aug. 27.—The American government's reply to Mexico's protest against the dispatch of American troops into Mexico in pursuit of bandits who held two American sailors for ransom was sent forward today. It was announced at the state department. Officials declined to discuss the contents of the note saying that it probably would be made public in Mexico City.

CARDINAL MERCIER TO SAIL SEPT. 15

Brussels, Aug. 27.—Cardinal Mercier will leave for the United States on September 15, according to most recent information. It is said that he probably will meet King Albert and Queen Elizabeth in America.

Announce Wilson's Itinerary In Peace Treaty Tour Today

WASHINGTON, Aug. 27.—The itinerary of President Wilson's "swing around the circle" with addresses in behalf of the peacemaking in at least fifty of the principal cities is expected to be announced tomorrow. After weeks of uncertainty concerning the trip which will extend to the Pacific coast definite announcement was made today that the president would leave Washington as soon as arrangements could be made probably within ten days or two weeks.

When this announcement was made it was understood by White house officials that the review of the new Pacific fleet at San Francisco had been postponed until September 15 and Secretary Tumulty said he believed the president would be at the Golden Gate in time to take part in the ceremony.

Will Not Stop in Chicago. It was said the president's purpose was not to stop at Chicago had not been changed, but he may speak at Columbus and Cincinnati and St. Louis. Tonight it was regarded as almost certain Mr. Wilson would speak in Sioux City, Iowa, Minneapolis or St. Paul Minn., Bismarck, N. D., Billings and Helena, Mont., then swing down the Pacific coast states and after reaching San Francisco come home by the southern route.

Under plans of senate leaders, Mr. Wilson's departure will follow closely submission of the foreign relations committee's report on the treaty and his appeal to the country for ratification will be coincident with the senate debate on proposed amendments and reservations.

U. S. MINISTER TO CHINA RESIGNS

WASHINGTON, Aug. 27.—Resignation of Dr. Paul S. Reinsch as American minister to China was announced today at the white house. Officials said he had asked to be relieved because of ill health and a desire to return to private work.

Dr. Reinsch was appointed minister to China in 1913 when William Jennings Bryan was secretary of state. He at that time was professor of political economy at the University of Wisconsin.

Before his appointment to Peking, Dr. Reinsch had been active in Pan-American conferences and societies for the study of international law and historical research.

He was recognized as an authority on oriental topics and Far Eastern politics and his works on those subjects had been translated into Japanese, Chinese, Spanish and German.

ORDER MORRIS TO RETURN TO TOKIO

WASHINGTON, Aug. 27.—Roland S. Morris, American ambassador to Japan who has been investigating conditions in Siberia for President Wilson, has been ordered to return to Tokio.

Cablegrams from Ambassador Morris make a plea for immediate recognition of the Kolchak government by the United States. He is understood to recommend that as the only action which can save the situation in Siberia.

He is said to admit that even if this recognition is given it may be too late to save Siberia from Bolshevism.

OPPOSE PASSAGE OF REGULATORY BILLS

WASHINGTON, Aug. 27.—Witnesses representing sections of the United States from Texas to New York City, varied as to occupation and views, but all as a unit in opposing passage of the Kenyon and Kendrick bills for regulating the packing industry were heard today by the senate agriculture committee. Stockmen predominated in the list but grocers, farmers, feeders, bankers and commission men were included.

Frank Currie of Gard, Neb., a cattleman, announced he was opposed to the bills "because they would Germanize the United States."

MEN IN UNIFORM CARRY OUT HOLDUP

PARIS, Aug. 27.—(By The Associated Press.)—Six men wearing United States navy uniforms carried out a spectacular holdup last night in a bar room run by the famous French clown, Footit.

When the men entered the bar five of them lined the customers up against the wall and searched them. The other man rifled the till taking from it 10,000 francs. Footit's watch and a diamond ring.

Footit broke a champagne bottle over the head of one of the men, who however, apparently was not injured.

UPHOLDS RIGHT TO SEIZE FOOD

COLUMBUS, O., Aug. 27.—The right of the state of Ohio to seize and sell at public auction food which has been held in cold storage longer than specified by the Smith cold storage law was upheld by the state supreme court in a decision handed down today.

CHARGE RACE RIOT CRIMES

Chicago, Aug. 27.—Indictments charging 12 negroes with one white man with race riot crimes were returned in criminal court today by the August grand jury. Among the negroes indicted were two deputy sheriffs charged with assault to commit murder.

SENATE TREATY DEBATE HITS BITTER POINT

Fall and McCumber Engage in Heated Discussion

WASHINGTON, Aug. 27.—Senate debate on the peace treaty reached the bitterest point today since the document was presented by President Wilson.

Terms Fall's Assertion False. Facing Senator Fall, Republican, New Mexico, who had just asserted that Senator McCumber, Republican, North Dakota, had in his address yesterday on Shantung defended on the ground of justice the award to Japan of "goods stolen from China," the North Dakota senator declared the assertion was "unqualifiedly false," and that he had not justified Germany's action.

This brought a quick retort from Senator Fall that Senator McCumber had defended the Shantung provision and had claimed that Japan had the right to take Shantung. By this time both senators had raised their voices to a high pitch and were pounding their desks. Senator McCumber shouted to Senator Fall that Japan derived the right to Shantung under a solemn pledge to return it "but you leave that out of your statement" referring to the assertion regarding Japan's unqualified right.

Nelson Interrupts Fall. Previously Senator Fall who was defending the action of the foreign relations committee in adopting an amendment to give German rights in Shantung to China instead of Japan was interrupted by Senator Nelson, Republican, Minnesota, who declared that if the committee had made mince-meat of the treaty the senate would brush the action aside. When Senator Fall said he would not enter into discussion with the Minnesota senator because of the latter's age, Senator Nelson responded that the senator could "speak in the senate," and as one who was neither in his second childhood in this matter nor in the Mexican matter. Further defending the committee's vote on the Shantung amendment, Senator Fall said he was weary of some who wished to make the nation accept the treaty "just as it came from the white house typewriter with no more consideration for the American people than was shown the Germans when they signed at the point of the bayonet."

Will Begin Hearings. The foreign relations committee today was unable to proceed with its consideration of proposed amendments and will begin tomorrow an extended schedule of open hearings. It is understood that the leaders expect to find opportunity to complete the report to the senate by the end of next week.

Another development in the Shantung question was the beginning of an attempt by the group of Republicans who have agreed on reservations to the league of nations began a movement to get together on a reservation expressing the senate's regret at the Shantung award. The reservation which would be proposed as a substitute for the foreign relations committee's amendment will be discussed at a conference of several Republicans tomorrow.

At tomorrow's session the committee will hear a delegation of American negroes regarding the disposition of Germany's African colonies.

WARREN'S OFFER

Vote to Reject Wilson's Offer

SCRANTON, Pa., Aug. 27.—Lackawanna machinists of the Delaware Lackawanna & Western Railroad company at its several shops here have voted almost unanimously in favor of rejecting President Wilson's offer of a wage increase of four cents an hour, according to union officials.

ASCRIBE DROP IN HOGS TO WAR ON PIGS

CHICAGO, Aug. 27.—A drop of \$1 a hundred pounds on the average for hogs with lower prices for beef cattle at the stock yards today was ascribed to several reasons and partly to the general protest against the high cost of living. Market men said the tendency was for still lower hog prices, particularly after the fall marketing, and they professed to see a break in high living costs.

The public has curtailed its buying of pork and beef recently while livestock receipts are large. The packers virtually withdrew their buyers from the pens today, leaving thousands of hogs and cattle without buyers and speculators were hard hit.

While the average drop for hogs was at \$1, the difference between today's lowest point and yesterday's high point was fully \$1.50, livestock authorities said.

REPUBLICANS MEET AT KANKAKEE FAIR

KANKAKEE, Ill., Aug. 27.—Republican Day at the Kankakee Interstate Fair attracted one of the largest crowds in the history of the fair association today.

Republican leaders from all sections of the state participated in the political gossip but no formal announcement was made.

Former State Senator Len Small refused to comment on the discussion of his name in connection with the governorship.

Among Republicans were, H. B. Harris and Justus L. Johnson, of Aurora, both members of the state committee Senator Richard Barr, of Joliet Representative W. H. Miller, of Champaign Senator Francis P. Brady of Chicago, and Senator Edward C. Curtis, of Grant Park.

ONE PLANE IN DERBY MISSING

BUFFALO, N. Y., Aug. 27.—Lieutenant H. E. Slater, pilot, Sergeant Strickland, observer and their DeHavilland Plane No. 59 in the international Aviation Derby, are missing tonight and grave fears were entertained by flight officials here that they came down in Lake Ontario this afternoon and perished.

Lieutenant Slater, on the last lap of his flight, left here at 12:47 p. m. No direct word has since been heard either altho all of New York state south of the lake and the northern shore on both sides of Toronto have been covered thoroughly. Lifeboats were also sent out from Toronto and Niagara-on-the-Lake, but their search too was fruitless.

LIVESTOCK MEN SEEK INJUNCTION

CHICAGO, Aug. 27.—Counsel for six livestock commission firms at the stock yards today filed in the federal district court application for an injunction to restrain Secretary of Agriculture Houston from revoking their licenses. Livestock men had been threatened with loss of their licenses for overcharging cattle shippers, as alleged by the latter for feeding stock, unless they charged the shipper what they themselves had to pay for the feed. Livestock men are able to buy large quantities of feed at low rates but are alleged to have quoted the daily market prices to the shipper.

WARNING CAUSES FLURRY IN FRANCE

PARIS, Aug. 27.—An informal warning to Turkey that massacres of Armenians must cease, given recently by Rear Admiral Mark L. Bristol, commander of the U. S. naval forces in Turkey, caused something of a flurry in French official quarters and in the press. Bristol's warning was the first of the peace conference it developed today. The impression prevailed that in this case the United States had acted alone in a formal communication to the Turkish government.

Turkey it appears, complained to Great Britain and France, saying she was threatened. The explanation of the American delegation to the peace conference, apparently removed the objections to the American action, however.

FAST TRAIN TURNS OVER; TWO DEAD

DALHART, Texas, Aug. 27.—Engineer W. S. Ford and Fireman Rex Matlow of the east-bound Golden State Limited train on the Rock Island railroad, were killed and an unidentified postal clerk seriously injured when the limited turned over 13 miles east of Tucuman, N. M., at 5:30 a. m. today.

No passengers were injured as far as known. The train was en route to Chicago.

COOL WAVE TO CONTINUE FEW DAYS

Washington, Aug. 27.—The cool wave extending over the entire west of the Mississippi and which is almost unprecedented for this time of the year, probably will continue for a day or two, it was said at the weather bureau. It results from high pressure over the plains states.

ROOSEVELT IN DETROIT

Detroit, Aug. 27.—Lieut. Col. Theodore Roosevelt arrived here early today the first stop on his tour of the country in the interest of the American legion, of which he is one of the founders.

STRIKERS DEFY UNION OFFICIALS

Federal and Union Officials' Efforts Seem Fruitless

SAN FRANCISCO, Cal., Aug. 27.—Altho both government and brotherhood officials were endeavoring to prevent its spread, a strike of yard and switchmen and allied crafts was paralyzing steam rail transportation in southern and central California tonight.

Consider Strike's Instructions. The men, who went on strike as individuals, defied orders of their union officials to return. In southern California, instructions were issued from Warren S. Stone, president of the Brotherhood of Locomotive Engineers for the men of the craft to resume their posts. The men are considering it.

Thruout the day only about six transcontinental trains moved from here for southern and eastern points and but one transcontinental train of the Southern Pacific company departed.

No trains moved in or out of Los Angeles.

Pear Picking Ceases. In the Santa Clara valley pear picking ceased and canneries were endeavoring to obtain one thousand motor trucks to bring in their supply. In San Jose an order was issued that gasoline should be sold only for commercial purposes. Milk trains were stalled in many points. An embargo on freight coming into the San Francisco Bay district over the Southern and Western Pacific lines was put in effect. Mail for the east was cleared on the single overland train.

Here and in Santa Barbara executives "hooked up" railroads, no bankers predicted that half of the green fruit shippers would be ruined unless there was quick relief.

Individually the men said they were striking in sympathy with the strikers of the Pacific Electric System.

Lee Warns Members. Los Angeles, Cal., Aug. 27.—An order from W. G. Lee, president of the Brotherhood of Railroad Trainmen to all members of the brotherhood who are on strike in southern California to return to work was received tonight. Mr. Lee warned that members who failed to obey the order would be suspended.

The message pointed out that the strike had not been sanctioned by the international organization and asked that members in a sympathetic strike "will only make a bad situation worse."

"Unless there is decided improvement, the government will take steps to operate the lines," said a statement received from Warren S. Stone, chief of the locomotive engineers, and made public tonight with the order from Lee.

Place Embargo on Service. Tonka, Kans., Aug. 27.—An embargo on passenger and baggage service to all points in California was placed in effect here today, by the Union Pacific railroad.

Send Final Instructions. Washington, Aug. 27.—Director General Hines announced today that the chiefs of the four railroad brotherhoods had sent "final" instructions to the men of their organizations participating in railroad strikes on the Pacific coast to return to work immediately. The executives, he said, are confident that the instructions will be complied with.

"The railroad administration has thought it desirable to give the organizations an adequate opportunity to obtain control of the situation," he said, "but the government is taking the necessary steps to deal with the matter without the lapse of further time unless this last effort of the chief executives of the organizations should be successful."

MANY JOBS OPEN FOR DISABLED SOLDIERS

WASHINGTON, Aug. 27.—Employment for about 5,500 partially disabled soldiers is available in the quartermaster corps of the army. Major General H. L. Rogers, director of purchase and storage announced today. Men needed include stenographers, typists, clerks, foremen, skillers, rangemen and messengers, at salaries ranging from \$750 to \$1,200.

Positions in various depots and zone supply offices open include 1,684 in New York City and 715 in Chicago.

Some Chicago men have certain faith in the future of the movie. A picture theatre is to be built there at a cost of \$1,300,000 and that on really worth \$1,500,000. Evidently these entertainment kings have no fear that the H. C. L. will in the next few

years interfere with the picture business.

MEETING THE ISSUE.

One of Theodore M. Vall's favorite axioms was "The way to meet trouble is to face it." Possibly President Wilson had this thought in mind when he came out squarely and warned the railroad workers that the time had come to consider wisely before taking any radical action, that increases in pay would not be granted other than the adjustment considered really due in accordance with a former settlement.

This is the first time in all his dealings with the railroad men that the president has not quite promptly acceded to the demands.

"ON THE FEET OF CHILDREN."

One of the very strongest addresses yet heard at the chautauqua was that by Hon. Fred G. Bale yesterday. Mr. Bale predicted his argument for better citizenship on the statement that "civilization moves forward only on the feet of children." Too many there are who fail to recognize that comparatively little improvement can be made when adults only are considered. They do not seem to grasp that the hope of bettering conditions in a large

way depends upon the mental, moral and physical welfare of the citizens of tomorrow, who are the children of today.

It is when an understanding of this fact gets hold of one that the real importance of child welfare work in its many phases is understood. The time was when the child welfare worker was considered somewhat of a highbrow reformer with visionary ideas, but that time is past. The Boy Scout movement, the Camp Fire Girl organization and others of similar type denote the growing interest and the greater understanding of Mr. Bale's significant statement that "Civilization moves upon the feet of children."

BUT WHY WORRY?

People with much timidity about business prospects should avoid reading the newspapers these days. The despatches tell about the striking utility workers in an eastern city, that 2,000,000 iron and steel workers are likely to go on strike in September. Then there is the immediate prospect of a national tie-up from the railway organizations and then the strike of coal miners looms in the distance not far away.

These are only a few of the industrial disturbances, actual or in prospect, and other evidence of industrial unrest is abundant. No man knows what the coming months hold, how great or how small the disturbances will be, but what's the use of worrying? Great issues have been met and settled in the past. There have been strikes and rumors of strikes. There have been some inconvenient tie-ups but somehow a solution has always been found so there is no certainty that solutions will be found now. Perhaps everybody will not be satisfied with the results, but six months from now those who have not slipped away thru natural causes will still "be doing business at the old stand."

PROBABLY BLUFF.

The story that the war department will establish a series of retail stores for the handling of food products sounds like a little press agency work. Perhaps the story was intended to have the psychological effect of bringing prices of foodstuffs further down the toboggan. Such stores might prosper in the cities where the government distribution of food has progressed in quite a satisfactory way but they would have little or no bearing on the smaller cities.

The fact has been noted before that there has been comparatively little interest in the government's bargain sale here because the carriage prices added to the original cost have meant quite a small saving by comparison with the retail prices already in effect.

A SEVERE TEST A survey is to be made in St. Louis to determine how many useless jobs the city is maintaining. If this work proceeds in a serious way it is quite likely that the mayor will be able to abolish a large number of positions and thus make possible an increase in salaries for the employees who are retained and who of course are seeking increased pay.

In most big cities and in most states, thru political management jobs are created without much attached to them except salaries. If somebody can start a campaign which will result in every man drawing wages or salary delivering a full day's work therefor, much will have been accomplished toward the settlement of the pressing economic difficulties.

After all, isn't the greatest reason for the high cost of living found in the newspaper headline, "World buyers come to shop at Uncle Sam's." For months we have been hearing that every boat from Europe is bringing buyers and that they are seeking everything from toys to railroad equipment. This great foreign demand has cleaned up almost all existing surpluses. Even months ago it was known that shipments of canned goods and other foodstuffs intended for Jacksonville are diverted and sent to England. The reason was that there was more profit in shipping abroad than in providing for consumption in the local market.

It was a legitimate business

transaction and illustrative of a thousand other transactions. Production has been at such a low ebb in European countries for four years there has been such tremendous destruction of property and of commodities, that this unprecedented demand has been the natural result. This condition gives point to the argument that there must be something done besides provision for wage increases, new legislation and immediate cutting of retail prices, before anything like normal conditions will come. It is a change that can only come with passing time.

Rippling Rhymes By Walt Mason

Fear of Evil. Oh, today is bright and sunny, it is happy, to the core; I have fifty cents in money and a stand-off at the store. My old auto, with its tank full, chugs along to beat the band I have reason to be thankful—blessings are on every hand. But I'm thinking of tomorrow as I loaf around today, and I'm waging that sorrow will come snooping down my way. It's the nature of us critters to be gazing out ahead, betting on a dose of bitters, figuring on grief and dread. Oftentimes I sit and wonder why Dame Nature made us so, why we cannot tear asunder from presentiments of woe. We are thinking at the wedding, when Lucretia marries Mike, of the rough and rocky sledding that the bride and groom must strike. And we think, when youths are dancing, with a light fantastic heel, of the time when they'll be prancing to the souphouse for a meal. In our brightest Eldorado, where the tambours early thrum, we are thinking of the shadows of the evil days to come. When the joyous music quickens, we can hear the prophet cry, "Eat and drink and raise the dickens, for tomorrow you must die." Always there's the dread of evil to disturb the human soul; in the wheat there is the weevil, in the doughnut there's the hole.

Chicken fry, burgoo, horse show at Franklin today.

VIRGINIA

Virginia, Aug. 27.—Mr. and Mrs. Clarence Bixler of Edwardsville and Mrs. W. T. Gibson of Waverly spent Sunday at the home of Mrs. Dorothy Gibson in this city. They were accompanied home by Miss Eldere Gibson who had spent several days as the guest of school friends in this city.

Miss Ella Wilson returned home Saturday from a week's visit with her friend Miss Gertrude Smith in Illinois.

FIVE THOUSAND MEN FIGHT FOREST FIRES

MISSOULA, Mont., Aug. 27.—Five thousand men, composing the fire fighting force of the federal forest service were waging a battle today against hundreds of forest fires sweeping over Montana and northern Idaho with no prospect of controlling the flames further than to save whatever towns may be in their path until rain intervenes. This estimate was made at Forest Service Headquarters here where it was said that despite the refusal of federal troops to aid in the fight against the flames, no shortage of men is feared.

What Is Your Economy?

There are scores of ways in which to beat the high cost of living. Every woman has one or more pet economies, especially since it has become so hard to make the income stretch over the necessities of life.

How do you outwit the H. C. L.? Do you bake your own bread and find it economical? Do you make over garments? Do you do something to make money in the hours you used to give to the Red Cross or other war work? Do you coax your garden into yielding a pretty fair share of the food for your table, both winter and summer?

What preparations are you making to combat shortages of foodstuffs and other necessities, and high prices, during the coming winter?

The Journal would like to hear from its readers, both town and country, on this subject. The letters should contain stories of personal experience or thoughtful suggestions for easing the burden on the pocketbook. Write anything up to 200 or 300 words.

OLD JACKSONVILLE

The Rev. Geo. W. Pyle

By Ensley Moore

(Member Illinois State Historical Society)

The Rev. A. T. Norton, D. D., of Alton, published a "History of the Presbyterian church in the State of Illinois" in 1879, and it is of great value to that denomination and to the religious annals of the state. Among the ministers of whom Dr. Norton gave biographical sketches was George W. Pyle.

Mr. Pyle had quite a little of his life in Jacksonville, and his experiences in his earthly career were so distinctively of the times of old, that they are likely to interest and inform the readers of "Old Jacksonville." The following is quoted from Mr. Norton's work:

Birth and Early Days.

George W. Pyle was born August 12, 1813, at a place called the Seven Stars, seven miles from Philadelphia. His father was a Quaker. His mother was in the habit of taking her son away alone and praying with him. She died when George was about twelve years of age. He had no opportunities of early education at all. Some time after his mother's death, he was sent from home to learn the trade of carriage-making. When about twenty years of age, he left Philadelphia, with four other young men for North Carolina, intending there to work at his trade.

While traveling through Virginia, the stage in which they were traveling broke down. The landlord, with whom they stayed while waiting to have it repaired, informed them that there was a camp meeting in the neighborhood, and advised them to attend, saying to Mr. Pyle in particular, that he hoped he would become a Christian. That was on Monday. The young men went to the meeting. Mr. Pyle was awakened by the first sermon he heard. He and his companions continued in the meeting all the week. All of them became deeply interested.

Conversion.

Mr. Pyle's convictions amounted to agony. Still there was one thing he was determined not to do—he would not go forward to be prayed for. On this point his opposition centered for some time. At length he yielded to it. On starting to go forward he lost his hat in the crowd, but so fearful was he that his present resolution would fail, if he turned back for a single moment, that he let it go, and pressed to the anxious seat. He there prostrated himself before God, yielded up his heart and was filled with joy unspeakable.

A Changed Life.

His first thought, after the change was, what shall I do for Christ? The answer to the question was instantly given. I will be a minister. At that time he could barely read, and that was all. He here bought the first book he ever owned, "Janeway's Token." His four companions were also converted, and all went on their way rejoicing. In North Carolina he made a public profession of religion, by joining a Presbyterian church. He labored at his trade, and spent his Sabbaths in teaching the blacks and in holding meetings. While there he heard of Jacksonville College, probably thru Rev. Edmund Hollister, who was then in North Carolina, and was about to emigrate to this state.

Comes Here.

Mr. Pyle came on with him.

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

Pimples and Skin Eruptions Danger Signs of Bad Blood

Avoid Suffering by Heeding These Warnings.

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth but no matter how you were infected, you must treat it thru the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system, nothing is

equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to Medical Adviser, 444 Swift Laboratory, Atlanta, Ga.

FRENCH MAKE SLOW PROGRESS ON TREATY
PARIS, Aug. 27.—(By the A. P.)—Slow progress was made in the chamber of deputies today in its consideration of the German peace treaty. The chamber voted to adjourn until tomorrow after three speakers had been heard.
Today's debate on treaty ratification was as uneventful as that of yesterday. M. M. Benoist said there will have to be a change in human nature before the league of nations becomes possible. The six deputies who participated in the debate yesterday and today all criticized the treaty, but declared they would vote for ratification.
Premier Clemenceau and all the ministers remained throughout the session. The government

was anxious to hear another speaker when Paul DeSchanel, president of the chamber put to a vote whether the house wished to adjourn or continue. The majority preferred adjournment until tomorrow at which time there were shouts from the galleries of "lazy men."
TO PROSECUTE WAR 'DRY' ACT VIOLATORS
WASHINGTON, Aug. 27.—Recent arrests in New York for violation of the prohibition law will be followed immediately by cleanups in other cities, Attorney General Palmer announced today. He declared that liquor dealers who thought the law enforcement activities of the department of justice had been laid aside for the high cost of living investigation would be shown their mistake.
"Some cities opened wide when it was thought we were so busy with reducing prices that we couldn't see anything else," Mr. Palmer said. "We are going to change that condition. The people out where the fields are green are obeying the law because it is the law, while in the cities there apparently is an attitude that prohibition can be evaded."

ATTEMPTS TO FORM NEW CABINET FAIL
VIENNA, Aug. 27.—According to information from Budapest attempts to constitute a new cabinet yesterday failed. Stephen Friederich, premier in the cabinet formed August 16, is holding on to the power and the Socialists refuse to form a cabinet with him.
It is reported that the clerical current, in which there are both bourgeois and working class elements, seems to be coming to the top and deputations of all classes are continually arriving and begging the Friederich cabinet to remain.
Addressing a representative crowd yesterday Friederich declared that Hungary must remain a Christian state and Socialists and non-believers were not entitled to a larger field of action than their numbers warranted.

WILLIAM SUHY DIED WEDNESDAY EVENING
Well Known Citizen Passed Away After Long Illness—Had Been Here Many Years—Funeral Friday Afternoon.
William Suhy, a well known citizen of the city, and resident here since 1877, died at his home, 329 West Morgan street at 11 o'clock Wednesday evening. He had been in failing health for several months and death came as a welcome relief from his suffering.
Deceased was born in Vienna, Austria, September 14, 1844 and his early life was spent in that country. He came to America when a young man and had been a resident of Illinois since 1874, most of the time being spent in Jacksonville.
He was united in marriage at Carrollton, Illinois, November 13, 1876 to Miss Minnie Wilmes who survives him, together with one son, William T. Suhy of this city. He also has two sisters, Mrs. Pexa of Tampa, Fla. and Mrs. Meistik of Yankton, South Dakota.
Mr. Suhy was a tailor by occupation and for many years was in the employ of Niessen & Wehl. He continued in Mr. Wehl's employment until three months ago. He was accounted a fine workman and was highly regarded by his employers and among members of his craft. He was a member of Illini Lodge No. 4 I. O. O. F. and a man whose integrity and honest dealing gave him high standing in the community in which he had spent so many years.
Funeral services will be held from the residence, 329 West Morgan street at 3 o'clock Friday afternoon. Burial will be in Diamond Grove cemetery.

AGREE ON TENTATIVE MEAT PRICE SCHEDULE
NEW YORK, Aug. 27.—In an effort to stabilize meat prices the committee on fair prices for meat of the New York state association of United States Butchers of America today agreed upon a tentative fair margin schedule covering eighteen basic meat items. The list will be given a trial during September. The margins agreed upon are two cents higher than during the war time period but it was understood that reductions in wholesale prices would enable them to sell at lower than war time figures.
The maximum fair margin profit schedule agreed upon today follows:
Beef of good and medium steers:
Chuck steak, 13 cents a pound; whole cross rib, 20 cents; cut cross rib, 24 cents; stew beef, 15 cents.
Hinds and ribs of good and medium steers:
Sirloin steaks, 17 cents; bottom round, 19 cents; rib roast prime, 18 cents; whole top sirloin, 15 cents; cut top sirloin, 13 cents.
Lamb: Leg of lamb, 4 cents; rib chops 14 cents; chuck 3 cents; stew lambs under cost, 4 cents.
Pork products: Smoked ham, unwrapped, 8 to 10 pounds, 8 cents a pound; smoked shoulders, picnic, 2 1/2 to 7 pounds, 7 cents; smoked bacon, unwrapped, 13 cents; pork chops, ends, 8 cents; pork chops, middle, 12 cents.
The margins are based on "cash and carry" and do not include the cost of delivery service.

DINNER DEATH LIST TOTALS SIX
ALLIANCE, O., Aug. 27.—With Mrs. Helen Sebring Gabris, whose death was mentioned in yesterday's despatches as the result of the Lakeside Country club dinner, will be remembered by a number of Jacksonville people. Mrs. Gabris was the matron of honor in the wedding party of Miss Mary Masters and Dr. John R. Newcomb, here several years ago. The Sebring family is well known in Ohio, the father of Mrs. Helen Sebring Gabris having extensive manufacturing interests in the city which bears his name.
Several other members of the family are also in business there.
Alliance, O., Aug. 27.—With the death last night at Canton of Frank McAvoy, chief of the Lakeside country club, and John C. Sharer of Alliance the death list resulting from eating unwholesome food at a club dinner last Saturday night was increased to five.
Mrs. John C. Sharer, the sixth victim, died shortly before noon today.

Washington, Aug. 27.—A bill incorporating the American Legion, an organization of veterans of the great war, was passed today by the house and sent to the senate.

LAFOLLETTE ATTACKS LAND LEASING BILL
WASHINGTON, Aug. 27.—Charges that the interior department was discriminating in the west against American oil interests in favor of English oil and potash interests were made in a telegram read in the senate by Senator LaFollette, Republican, Wisconsin, during an attack on the oil, gas and coal land leasing bill. The telegram was dated Los Angeles, Calif., and was signed by D. J. Grauman, E. N. Routh, Edgar Temple, George LePage, and Ben McEndon, designating themselves as "committee on legislation."
The bill would make "peons and tenants" of westerners for the English government now establishing a commercial empire in the United States, the telegram alleged.

GLASS URGES STRICT ECONOMY AND SAVING
RICHMOND, Va., Aug. 27.—Strict economy and saving during the reconstruction period as an effective weapon against the profiteers was urged by Secretary of the Treasury Glass in an address today before the Virginia senate.
The secretary said he was putting into practice the suggestion of his predecessor, Mr. McAdoo, who declared that "we should use every effort to win the war, even though we were patched trousers." "Mine are not patched," he added, "but they are old enough to be. I expect to wear this suit five years longer, if it will stand it."

CHARGE ATTEMPT TO STIR UP TROUBLE
SPRINGFIELD, Ill., Aug. 27.—Joseph Londrigan, a member of the insurgent police committee of the Springfield sub-district this morning by deputy sheriffs and placed in jail charged with trying to stir up trouble at a west end mine. No formal accusation had been made.
The arrest of Londrigan, said to be a leader of the radical miners, was accomplished by half a dozen deputized conservatives who held seventy strikers at bay until deputy sheriffs arrived on the spot. Londrigan and five other miners were searched and revolvers were taken from them, according to the sheriff's office. All were placed under arrest. A number of women were in the crowd.

FIRST LOCAL SOLDIER OVERSEAS RETURNS

Sergeant Sanderson Arrives In Jacksonville Yesterday After Twenty-Six Months' Service With First Division in France and Germany.

Sergeant Clarence H. Sanderson of the Headquarters Detachment, First Division, Montauban, Germany, arrived in the city Wednesday after having served twenty six months with that division overseas. He enlisted in the regu-

lar army late in April, 1917, and was in France before the first of July of that year, being the first Morgan county lad over there. Sergeant Sanderson was in the St. Mihiel drive and in the Meuse-Argonne region when the armistice was signed. At one time this company spent seventy three consecutive days in the front line trenches.

Since January 1st Sergeant Sanderson has been with the Headquarters Detachment of the First Division doing stenographic work. He was formerly employed at the State School for the Blind and the host of friends which he has there hope he will be with them again this year.

Farmers Club Day At the Chautauqua Great Success

Interest in the Chautauqua was fully maintained Wednesday. It was Farmers' Day and while Mr. Kirkston of Livingston gave an address of special interest to agriculturists, the program as a whole was one that all could enjoy.

Hon. F. G. Bale with "The Fourth Line of Defense" as his theme gave one of the finest addresses yet heard on the local chautauqua platform. At night Dr. Spoonits had a splendid lecture and at both afternoon and evening the Fiechtl Alpine Singers appeared to advantage in musical numbers.

MORNING SERMON

Mr. Collins' morning talk was on "The Law of Duty." He told of the great battles of Trafalgar when Lord Nelson told his men that England expected every man to do his duty and they did it. He told of the Canadian soldiers who had seen the awful German gas and its effects the first time yet all volunteered to go right into it the next day.

Great crises in our lives will many times be met and we must do our duty bravely. The home should be the great center of all our acts and there we should do our full duty even though it may not always be pleasant then at school, at work, at play; wherever we meet anything demanding our efforts there should be duty performed.

A very gratifying number of ladies gathered to hear Mrs. Alice Sherley Houston talk about cakes and all received good advice worth following at home.

Afternoon Session

The afternoon program began with a concert program by the Fiechtl Alpine Singers and Yodelers. The company greatly pleased the audience with the varied program given, adding to the good name created by the programs given Tuesday.

The chairman then introduced J. W. Kirkston, formerly president of the Livingston County Crop Improvement association. Mr. Kirkston was here at the chautauqua three years ago, so did not come as a stranger. He is a practical farmer who is thoroughly interested in the organized effort to better farming conditions, and his address Wednesday was one of large interest to farmers.

Without announcing his theme Mr. Kirkston entered into a general discussion of farming conditions today as contrasted with those of years gone by. He gave some special emphasis to the value of farm organizations and outlined the way in which the Illinois Agricultural association can be of value to agricultural interests.

This association was organized three years ago but the greatest amount of progress has been made in the past six months. Now just about half of the counties of Illinois have membership in the association and the campaign is being pushed to include others. The state association is acting with like associations in Iowa, Nebraska, Indiana, Minnesota and Kentucky in bringing about certain matters of legislation of interest to farmers and in correcting abuses in stock shipments and with reference to marketing.

City People Think Farming Snap.
Mr. Kirkston said that the fact that farmers are organized to some extent and had sent a strong delegation to Washington to talk to members of congress about the daylight saving bill, is quite a responsible thing for the people of the law. The speaker said that in the cities the belief is popular that farming is an immensely profitable occupation with a few disadvantages. It is difficult to have the people of the cities understand the large investment that the farmer makes or the great risk that he runs. Every farmer gambles not only on the weather but on market conditions. He plants and takes his chances with the matter of moisture and sunshine and the value of the crop at the time harvest comes.

From a percentage standpoint the farmer's profits are much smaller by comparison than those of the storekeeper who adds a stipulated charge to his goods before he disposes of them, basing this increase upon the total cost incurred.

Then Mr. Kirkston talked of the part that farmers had in winning the war and commented upon the fact that you never hear of strikes among farmers or requests for shorter hours. The talk proceeded with the question and answer method and a general discussion of many farming questions resulted. In referring to the value of the state association Mr. Kirkston said that it was only a question of time until a national association was formed and it is easy to estimate how great its value would be to farming interest.

Union Means Power.
By way of comparison the speaker referred to what the national organization of labor unions means to labor. He told of a delegation holding conferences with Gov. Lowden about certain legislation and about another conference held direct with the packers, who expressed their pleasure in the opportunity to deal directly with the producers of livestock rather than with paid attorneys.

The speaker voiced the thought

that by such meetings it would be possible to thresh out in a satisfactory way nearly all those questions that are now disturbing the agricultural interests. When there was some discussion of the wheat crop and guaranteed price, Mr. Kirkston referred to the statement emanating some time ago from the national bakers' association and it was said that bakers could not profitably produce a 5c loaf of bread even if the wheat were supplied for them without cost. This statement was taken to indicate how large are the expenses for operation and labor that the bakers must figure on for Mr. Kirkston said he believed that these master bakers knew what they were talking about.

The Kenyon Bill.
When asked about the Kenyon bill, which proposes licensing of packers, Mr. Kirkston said that the agricultural association had suggested that a commission of five men, all familiar with agricultural and animal husbandry, be named as the commission for deciding the questions on which there were differences of opinion. The Kenyon bill suggested the appointment of one man to act as an arbitrator of such differences.

Many other questions relating to the farming industry were touched upon but running all thru the address Mr. Kirkston sought to lay emphasis upon the value of organization among farmers and the need for such organization in grappling with the numerous and complex questions which today are facing agriculturists.

Children and Civilization.
The chairman then expressed his pleasure in introducing for a lecture Hon. Fred C. Bale of Columbus, O. Mr. Bale took as his theme "The Fourth Line of Defense," and spoke from his experience as state's attorney in the juvenile court of Columbus, covering a period of eight years. He began with the significant statement that civilization marches only upon the feet of little children. "It takes five years and \$20,000,000 to build a battleship," the speaker said, "and about \$5,000 and twenty one years to produce a man."

"In the war times and in the after days the talk about national preparedness has usually been under three classifications first the navy, second, the army, third, the material resources. In my view the fourth line of defense is the most important of them all, as it deals with the man power of the nation. The most astonishing thing in all this talk about defense and national preparedness is what is not said about the very foundation of it all, for national preparedness rests upon man power and that means the man power of the future and the children of today."

"The building of strong men physically, mentally and morally is the great question that presents itself to us in connection with the future. If you would read statistics you would find that 50 per cent of the children born in the U. S. in a ten year period died before the age of five years was reached. There are 800,000 children in this country who do not attend school and a million and a half who leave school by the time they reach the age of eleven years."

Startling Statistics.
"A marvelous fact about our criminal courts is that 80 per cent of those who appear are under eighteen years of age. Ten years ago among the children of the nation there were 175,000 defectives and the statistics for last year show an increase of 25 per cent in these defectives. If this lack of concern continues, if nothing is done about the preparedness of man power thru the care of children, what will coming years show?"

"One great cause for the increase in defectives is the laxity of our national and state laws with reference to marriage, and improvement will not come until the laws provide that those who marry must pass physical and mental examination. It is the right of the child to be well born from a physical and mental standpoint."

Better Citizenship the Need.
"We hear wide discussion these days of the better production of hogs and cattle and of the increase in crops, but too little of that far greater question of producing better citizenship thru the proper care and nurture of our children. The war period with its examination of the youth of the land gave great point to this need. You know that 30 per cent of the young men examined for army service failed to pass the physical tests and that was because of neglect on the part of the people of these vital questions as related to physical and mental welfare."

"In our cities especially statistics show a great percentage of children improperly nourished. In the housing conditions of these cities there must come a recognition of the need for fresh air, ventilation, cleanliness before we have a proper knowledge of preparedness. The employer is coming to see the relationship of health to labor production and the time is coming when big business generally must realize its duty in taking account of the physical well-being of all industrial workers."

Evening Session

An immense audience gathered under the great tent and around the borders last evening to enjoy

the program. Rev. W. E. Collins conducted the community singing.

Then came the Fiechtl Alpine Singers and Yodelers for their last appearance and it was enjoyed fully as much as the first time they sang before a Jacksonville audience. They can get good testimonials from any one who heard them here.

The speaker of the evening was Rev. W. E. Spoonits, D. D., who had for his subject "S. O. S. Toot Sweet."

The gentleman was in "Y" work while across the seas and did an immense amount of good and was able to speak with knowledge. He said the meaning of his subject was S. O. S., source of supplies—English—and toot sweet, hurry up—French and as the Y. M. C. A. had so much of the supplies they many times had the message to hurry up for their goods were much needed.

He said he was once to be introduced to an American audience and asked the chairman if he was sure he had the name of the speaker right and the chairman was sure that he had and proceeded to introduce the speaker as Rev. Mr. Spoonits.

An old lady remarked she had read lots about spoons but had never before seen one.

The gentleman's address abounded in wit, humor, solid sense and information regarding the work of the Y. M. C. A. and kindred subjects and was heard with much interest.

CHAUTAUQUA NOTES

The beautiful flowers in the park are the objects of much admiration and many compliments. A good many are now to be found along the south side of the lake and are very attractive.

The R. K. D. club is one of the new additions and is well received.

SIMPLE HOME REMEDY ADVISED FOR ROSE AND HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be, No matter how distressing or humiliating—Its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just 30 to any drug or department store, and get a large tube of **SENRECO TOOTH PASTE** for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about **SENRECO**, it's a most delightful and refreshing tooth paste.

ALLIED FORCES OCCUPY ODESSA

LONDON, Aug. 26.—Occupation of Odessa, chief Russian port on the Black sea by allied forces is admitted in a bolshevik government wireless message from Moscow received here today. The occupation was effected, the dispatch states, after thirty vessels had bombarded the city for two days. On the Russian northwest front, according to the soviet statement the bolshevik troops are advancing in the region of Pskov, having progressed already to within 3 1-2 miles of that city.

Pointed Paragraphs

Jacksonville tenants looking for cheaper houses or flats remind one of the feet in the shimmy dance—they don't move.

A good deal of General Carranza's military operations are shadow boxing.

An Iowa farmer had three cows killed by lightning, and when his wife was lamenting their loss, he informed her that he had \$40 insurance on each one and had sold the hides for \$80.40.

Coming back from Mexico without having accomplished anything seems to be getting a regular habit.

Maybe those Alabama moonshiners who left their whiskey in a postoffice building intended sending it by mail to give it age.

It is something of a shock to the average citizen to read of the losses suffered each day in a strike and realize that he represents the element of society that will be expected to foot the bill.

Another thing that would help international relations would be for fewer aviators to get lost in Mexico.

Possibly the park board feels that if the free buffalo was secured from the government reservation that the supply of peanuts for the monkeys would have to be curtailed to make expenses meet.

The Dodge City Globe is firmly of the opinion that the high cost of recovering kidnapped soldiers ought to be investigated.

Billy Outlaw says he would go to work this fall, only everybody would call him a strike breaker.

WELL, WHY NOT?
Iroquois Chief: On the theory that one man is as good as another and all have equal rights, why not all strike at the same time and tie up everything?

News for the Housewife at Preserving Time

Here is a recipe for preserving syrup that will give you finer jams, jellies and preserves—and save you about one-half your trouble.

Instead of all sugar use only one-half sugar and one-half **Karo (Red Label)**.

You will find this means clear, firm jelly; rich preserves with heavy syrup; and delicious jams, mellow and "fruity".

Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor.

Furthermore, it prevents even the richest jam or jelly from "candying".

It does away with all the uncertainty of preserving, and just about cuts the work in half.

For cooking, Baking and Candy Making **Karo (Red Label)** is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE A copy of the Corn Products Cook Book is all ready to send to you as soon as we receive your name and address. It contains any number of helps to the woman who expects to make preserves, jams or jellies.
